## नहरों में नहाने व वाहन धोने वालों पर होगी कार्रवाई

जाम, सोनीपत : कार्यकारी अभियंता जल सेवाएं मंडल रोहतक ने पत्र लिखकर सूचना दी है कि कुछ लोग नहाने के लिए नहरों का प्रयोग कर रहे हैं। इसके अलावा कुछ महिलाएं कपड़े धोने के लिए व कुछ व्यक्ति अपने निजी, सरकारी व गैर सरकारी वाहन, रोगी वाहनों (एंबुलेंस) आदि को धोने के लिए नहरों का प्रयोग कर रहे हैं। इसके देखते हुए जिलाधीश श्यामलाल पुनिया ने धारा-144 के तहत आदेश जारी कर ऐसे लोगों के खिलाफ सख्त कार्रवाई के निर्देश दिए हैं।

जिलाधीश ने बताया कि वर्तमान समय में वाहनों को धोने से नहरों, नदियों का पानी दूषित हो जाता है और दूषित पानी की वजह से संक्रमण फैलने का अंदेश भी बना रहता है। इससे वर्तमान समय में कोविड-19 जैसी महामारी के दौरान संक्रमण और ज्यादा बढ़ने की आशंका बनी रहती है। ऐसे में पुलिस अधीक्षक धारा-144 को सख्ती से लागू करवाएंगे। इसके साथ ही सीएमओ सोनीपत को भी निर्देश दिए गए हैं कि वह सरकारी, गैर सरकारी रोगी वाहनों (एंबुलेंस) को भी निर्देश दें कि किसी भी नहर, नदी, घाट व खाल पर अपने वाहनों को धोने के लिए लेकर न जाएं।

**Dr. (Mrs.) Suresh Boora, Principal**

### **About the College**

Kanya Mahavidyalya, Kharkhoda (KMK) was established in 1993 with great vision of girls' education especially to cater the need of education of rural girls. Earlier Kharkhoda block was deprived of any institution which can provide higher education to the girls of this region and nearby villages. So, with missionary zeal and enthusiastic objective many great people established this institution where the **purpose of education is to equip the students with the most excellent technological proficiency, to empower them with the skills in order to realize their potential, to create the right environment in order to make them good human beings and responsible citizens.** KMK is continuously moving on the path of development, touching new heights of success because of hard work of all teaching & non teaching staff and cooperation of our wonderful students.

At present college is running many UG and PG courses namely B.A, B.Com, B.C.A, M.Com, M.A (Hindi), M.A (Geography), P.G. Diploma in yoga, M.Sc (Computer Science) and skill development courses namely **One year diploma in Beauty & Wellness under Community College, Apparel & Dress Designing.** From the next session college is going to start two new courses namely B.Voc. in **"Catering technology & Hotel Management"** and B.Voc in **"Sports & Nutrition and Physiotherapy"**. With the obvious choice of subjects & streams KMK is providing the students what they want in the present competitive scenario.

## **About the Community College**

Presently, the country faces a demand – supply mismatch, as the economy needs more ‘skilled’ workforce and also the managers and entrepreneurs than created annually. In fact, majority of the contemporary institutions of higher learning remain almost disconnected with the requirements of the workplace. The skill oriented courses so called vocational courses available in the market have low credibility and acceptability with the employers. The traditional higher education system in the country is also rigid in terms of duration of courses, timings for teaching – learning, place of study and choice of subjects.

With a view to make the skills acquired by the learners acceptable nationally, the curriculum and system of certification should align with National Occupation Standards (NOS). In order to facilitate offering of nationally standardized skill related programmes, the govt. of India has notified the National Skills Qualification Framework (NSQF). It is a nationally integrated education and competency based skill framework which provide for multiple pathways, both within vocational education and between general and vocational education, to link one level of learning to another higher level and enables learners to progress to higher levels from any starting point in the education and/or skill system. It permits individuals to accumulate their knowledge and skills and convert them, through testing and certification by the competent authorities, into higher level of certification which could be a certificate, diploma, advanced diploma, a degree or PG Diploma in common parlance.

The 12<sup>th</sup> five year plan recommends setting up of Community College (CC) to expand skill based programmes in higher education. Community College (approved by UGC) serve multiple needs including

- (i) Career Oriented Education and skills to students interested in directly entering the workforce.
- (ii) Training and education programmes for local employers.
- (iii) High touch remedial education for secondary school graduates not ready to enroll in traditional colleges.
- (iv) General interest courses to the community for personal development and interest like Beauty & Wellness, Apparel & Dress Designing for girls.

Kanya Mahavidyalaya, Kharkhoda has been allotted Community College by UGC, New Delhi in June 2015. The purpose of taking CC scheme is to facilitate easy access to underprivileged girl students of local community to the skill based education in which they are interested.

## About the Seminar

Many of us (women and men) spend the entire day in consultations or administrating or having beauty treatments, but often we don't get the time to ask: What does 'Beauty & Wellness' mean? What is the link of 'Beauty & Wellness'? Types of Wellness? What type of role is played by Nature to make human beings beautiful? What is the role of yoga, good food habits & exercise to make a sound body & mind? In order to find out the answer of these questions, a one day seminar is needed on the theme '**Wellness is Natural state of Body**'. The seminar aims to promote a meaningful interaction on ideas to Beauty & Wellness among academicians, industry professionals, Beauty Instructors, Yoga Instructors, Physiotherapists, Nutrition experts, Skin & Hair Expert, Research scholars and students. Such an interaction among persons from different walks of 'Beauty & Wellness sector' sharing their experiences, expertise, knowledge, ideas, innovations and researches will provide the participants useful content in the concerned area. During the seminar panel debates on prominent sub themes will be organized. (Name of Panelists is given in programme schedule).

## **Invitees speak about wellness.....**

1. Beauty is the natural reflection of well being, a feeling that comes from the body and the spirit. Wellness represents the beneficial balance of both these elements. Everyone must put forth effort to maintain a healthy life style, because it not only impacts you, but also your environment.

**– Dr.(Mrs.) Suresh Boora, Principal**

2. Wellness refers to individual's emotional, psychological, intellectual well being your natural state of mind can be measured by looking at how effectively and successfully you are functioning in your every day life. Without doubt happiness is one of the contributor to one's beauty & wellness your ability to bounce back from challenging situation and events are all signs of your natural state of mind.

**– Mrs. Alka Gulati, Associate Professor of Political Science**

3. Natural beauty & wellness is contemporary substitute to each other. Natural beauty is greatest gift of God and wellness is a part of life style management. Do your best to protect and care what the creator of this planet has gifted you. Make-up is a part of female personality but it should be remembered that one should make up just to enhance herself and not to be something you are not.

**– Dr. Asha Khatri, Associate Professor of History**

4. I believe beauty is the true nature of all creation. When we wisely eliminate inner and outer pollution, clean our bodies and our minds, the remaining thing is glowing health, peace and bliss. I believe that a healthy, confident, balanced woman is a beautiful one.

**– Dr. Yogita, Associate Professor of Economics**

5. Someone has aptly said that: "Health is Wealth". So, the most valuable and prized possession is our health without our health, we would not be able to achieve the things we want to achieve in our life. I have been interested in healthy living and getting my back into its natural state. Everyone must invest time, energy and resources into taking back control of your health and getting on the path of wellness.

**– Dr. Seemant, Assistant Professor of English**

6. Someone has aptly said that: 'The natural healing force in each one of us is the greatest force in getting well'. Natural state of wellness is like the foundation of a well built house; if it is strong and deeply rooted in the earth, it can support a life of being happy, healthy, clear minded and peaceful. With this foundation you will feel more relaxed, energy will flow naturally through your body and your mind will be clear.

**– Dr. Sumita, Assistant Professor of English**

7. To me wellness means healthy body & mind and to keep the same healthy and sound we should take care of our self. Few tips to keep our body & mind sound:

- i) Rise early
- ii) Be positive
- iii) Be observant
- iv) Lead an active life
- v) Sleep well and develop a positive approach to life
- vi) Meditation and Exercise
- vii) Drink water a lot & eat fresh fruits

viii) Take time to review your life's purpose and goals

ix) Last but not the least be grateful to almighty for your beauty & health.

**- Dr. Sushma, Assistant Professor of Mathematics**

8. "Beauty lies within" Beauty is completely individual and there are so many different types of beauty. It is a reflection of how you feel about yourself, your emotional, physical, mental and spiritual balance, your internal sense of wholeness- all the aspects of 'you'. This is the wisdom of acceptance, learning and growth that shines from within and becomes your beauty, wellness, wisdom.

**- Mrs. Meenakshi, Assistant Professor of Commerce**

9. True beauty encompasses both healthy, beautiful skin on the outside and a happy, confident personality on the inside- so that inner beauty shines through.

**- Mrs. Shalu, Apparel & Dress Designing Instructor**

## Outcomes of Panel discussions

Speakers from Panel 1 :

Technologies & Techniques used in Cosmetology & Beauty Care

Dr. Ramesh Sethi  
Dermatologist  
Keynote Speaker

Dermatology is an area of medicine concerned with the health of the skin, as well as diseases of the hair, nails and mucous membranes (such as those lining the eyelids, mouth and nose) common conditions which are treated by dermatologists are acne, eczema, fungal infection, hair loss, nail problems, Sunburn etc. Many of the conditions seen by dermatologists can be treated with medication and non-invasive therapy. However, some conditions may require surgical intervention or other more aggressive therapy. Most common procedures performed by dermatologists are: Biopsies, Chemical peels, Cosmetic injections, Cryotherapy, immunotherapy, radiotherapy, hair removals and restoration, Laser surgery etc.

Dr. Ramesh Saini  
Assistant Professor  
of Computer Science

Technology is becoming an important element in the field of Cosmetology. Now Computers are used in Salon to help the clients to decide which hair style is right. I, explain how it is done. The Client brings in a picture and the same is copied it into the computer. The Client's picture then appears on the computer monitor. Then, hairdresser can do experiment with the picture to show how the client would look in different hair styles.

Mrs. Saroj  
Instructor  
ITI, Rohtak

The beauty industry is expanding rapidly. Like all the industries, this industry has also welcomed the technological advancement. Many types of skin care, hair care and nail care equipments or electrical/electronic machines are used by beauty professionals in their routine functions. These equipments include: Epilator, High Frequency, Galvanic machines, electrical facial massager, hair streamers, curling iron, hair straightener, hair dryers, hot rollers, sterilizers & nail filers in nail care etc.

Mrs. Rinki  
Instructor  
Beauty & Wellness

A beauty Salon is an establishment that provides men & Women with services to improve their beauty, such as hair dressing, manicuring, facial treatment & massage etc. So, it is inevitable for a person who wants to start his/her own beauty salon to have knowledge of all equipments used in skin care, hair care & nail care.

## Speakers from Panel 2 : Role of Naturopathy & Yoga in Beauty & Wellness

Dr. Monika Dahiya  
Naturopathist

Ayurveda is Indian's traditional natural system of medicine that has been practiced for more than 500 years. Ayurveda believes that everything in this universe is made up of five great elements namely earth, water, fire, air and ether. Naturopathy believes in two things:

1. All healing powers are within our body.
2. The treatments in naturopathy remove the cause of the systems not only  
treat the symptoms.

Naturopathy includes mudtherapy, hydrotherapy etc. Naturopathy is a correct positive practical and permanent way to achieve healthy, happy, holy creative and peacefull life.

Mrs. Darshana  
Assistant Professor of  
Sports Science

'Health is Wealth', 'sound mind lives in sound body' these proverbs show the importance of health in our life. To keep our health good should be the primary function of life. Beauty & Wellness is linked with sound health. If you take balanced diet which includes all the nutrients namely carbohydrates, protein, fat, vitamins, minerals & water in right composition, then your skin, hair, nails will reflect your inner soundness. If you are physically and mentally sound, you are naturally beautiful.

Dr. Smita  
Physiotherapist

Physiotherapy maintains physical wellness of a person. Physiotherapy is a branch of rehabilitative medicine aimed at helping patients maintain, recover or improve their physical abilities. Physiotherapists help the people recover from injury, reduce pain and stiffness and increase mobility through different types of exercises or therapies.

Mrs. Snehal  
Yoga Instructor

Yoga is the need to maintain holistic wellness. Yoga is necessary to make up for all the physical activity that we have lost out. We have so many tensions in present Competitive world. When, there is no way of releasing tension, then yoga comes to rescue. Thus, yoga maintains our physical and mental wellness. It keeps us fresh everyday and prepares our mind to take up challenges.

### **Speakers from Panel 3 : Salon Management**

Dr. Yogita  
Associate Professor  
of Economics

Salon Management basically includes hiring & training employees, understanding customer's behaviour, maintaining good relation with customers, keeping record of all operating costs and revenues, keeping record of customers, rendering services as per requirement of the customers, advertising & promotion of salon etc.

Dr. Parmila  
Assistant Professor  
of Commerce

As a salon manager you will become the heart and soul of salon operations. Be prepared to deal with all things good and bad when it comes to managing your staff and the clients they care to you will be dealing with client questions and complaints, managing product orders and sales and most important the role of an HR person while you are managing a salon. Becoming a salon manager is a big responsibility.

Dr. Sumita  
Assistant Professor  
of English

'Communication' It's a buzz marketing word these days. Especially when it comes to salon customer service. Yet there is one important aspect of salon communication that often get neglected in training sessions- salon body language. Actions speak louder than words in successful salons. When we communicate with salon clients we use a combination of words, tone of voice & Gestures. These 3 elements are not of equal importance, Research reveals that words account for 7%, tone of voice for 38% and body language accounts for 55% of the overall message. Thus, it is necessary to understand the significance of non-verbal communication in training sessions.

Mrs. Meenakshi  
Assistant Professor  
of Commerce

Some of the most important factors that clients consider in choosing a particular salon are the sanitation & hygiene of the salon, good relations with customers so keep in mind the following marketing ideas:-

- Offer value added services
- Facility of appointment
- Offer personalized discount based on events
- Understand the customer needs first and then start treatment
- Give after treatment home care advice

Always keep in mind "The more trust they have in you, the more likely they will keep coming back and be opened to try out new things".

## Speakers from Panel 4 : Job opportunities in Beauty & Wellness sector.

Mrs. Alka Gulati  
Associate Professor  
of Political Science  
&  
Incharge of  
Career Counselling Cell

In our contemporary, aspirational India, beauty products have become affordable to many. This along with increasing urbanisation and the impact of TV commercials, has made these products accessible. Even male grooming is on the rise with products like male creams becoming popular- in urban India. Women, in particular, feel they can earn a few thousand more rupees to support their families by becoming beauticians. All these reasons have made beauty & Wellness sector a major job creator.

Dr. Asha Khatri  
Associate Professor  
of History &  
Member of  
Career Counselling Cell

As the nation acquires more skilled workers to realise its “Make in India” dream, the largest employing sector of agriculture is expected to lose about 2.5 crore skilled farmers by 2022, while Beauty & Wellness sector is expected to witness the maximum growth in next 6-7 years, in terms of skilled workforce according to a survey conducted by the National Skill Development Corporation (NSDC).

Dr. Seemant  
Assistant Professor  
of English  
&  
Former Incharge of  
Cosmetology &  
Beauty Care Course

According to NSDC, skilled workforce in beauty & wellness sector would grow thrice as much, from 40 lakh in 2013 to 1.42 crore in 2022, making it the fastest growing job creator. Jobs under various job roles are available in this sector. Few of those are: Assistant Beautician, Beauty therapist, Senior Beauty Therapist, Spa Therapist, Nail technician, Hair stylist, Hair advisor, Bridal makeup artist etc.

Mrs. Shalu  
Apparel & Dress Designing  
Instructor

“If you are innovative and ambitious there is no limit to your potential”. You can choose to work behind the scenes in a movie, on a play, at a fashion show, or in your own salon or as an instructor in ITI's, Schools, Colleges and inspire other to enter into the Fashion & Beauty business with the right training you can convert your dream into realty.

## **Report of the Seminar**

## **Report**

### **International E-Workshop**

An international E- Workshop on theme "Women leadership matters" was organised by college in collaboration with Government College for women, Gohana today on 13-10 2020. Dr Jagbir Dahiya Associate Prof at Shardhanand college (Delhi University) was the first key speaker who elaborated on 'Taking precautionary measures in Disasters' and focused on how to take safeguards in case of different types of Disasters. Second speaker Dr Jaswinder Singh, Principal at SGBT college (Delhi University) discussed on 'Empowering Women for Sustainable Development' and added that women are still ignored for their right on resources and to empower woman is to give her right to make her own decisions impacting her and her family, only that will make her empowered. Principal Dr (Mrs) Suresh Boora thanked the guests and said that thoughts shared by Dr Jagbir Singh on the occasion of International Disaster Reduction Day for the mitigation of losses of lives in case of occurrence of Disasters and by Dr Jaswinder Singh advocating for the gender equality as the basis for the sustainable development of a nation from all sides are the topics that assume significance in the current situation. Dr Dinesh Singh, Principal (GCW, Gohana) also thanked the speakers and endorsed the views shared by them. Programme was organised under the aegis of Women cell of both the colleges. Dr Parmila, Dr Namita and Dr Jyoti contributed for the successful culmination of the E-Workshop.

## आधुनिक समय में हर क्षेत्र में पहचान बना रही नारी शक्ति : डॉ. सतविंद्र

संवाद न्यूज एजेंसी

खरखौदा। कन्या कालेज खरखौदा व राजकीय महिला कालेज गोहाना के संयुक्त तत्वावधान में मंगलवार को अंतरराष्ट्रीय आपदा न्यूनीकरण दिवस का आयोजन किया गया। वेबिनार के माध्यम से दोनों ही कालेज के स्टाफ सदस्यों ने अपने-अपने विचार रखे।

कार्यशाला में प्राचार्य डॉ. सुरेश बूरा व राजकीय महिला कालेज गोहाना के प्राचार्य डॉ. दिनेश सिंह ने महिला नेतृत्व के मामलों पर विचार रखे। कार्यक्रम की अध्यक्षता दोनों कालेजों की महिला प्रकोष्ठ प्रभारी डॉ. प्रमिला व डॉ. ज्योति चहल ने की। मुख्य वक्ता डॉ. जगवीर सिंह व डॉ. जसविंद सिंह ने अंतरराष्ट्रीय आपदा न्यूनीकरण पर

विचार रखे। दिल्ली विश्वविद्यालय से डॉ. जगवीर सिंह ने आपदा प्रबंधन के क्षेत्र में महिलाओं की स्थिरता को लेकर बात की। उन्होंने कहा कि आपदा काल में समय-समय पर नारी की भूमिका अग्रणी रही है। उसमें बेजोड़ नेतृत्व की क्षमता होने के साथ ही समाज को जोड़कर कार्य सिद्धि प्राप्त करने की क्षमता केवल महिलाओं में ही देखी जा सकती है।

डॉ. सतविंद सिंह ने कहा कि आधुनिक समय में नारी शक्ति हर क्षेत्र में अपनी पहचान बना रही है। इतना ही नहीं महिलाएं समाज को भी बेहतर दशा व दिशा में लाने का प्रयास कर रही हैं। कार्यक्रम का संचालन डॉ. नमिता ने किया और कार्यशाला में करीब 100 प्रतिभागियों ने भाग लिया।
