

GROUP DISCUSSION ON “EXPECTATIONS FROM UNION BUDGET-2022”

DATE: 29:01:2022

Department of Commerce organised the activity on 'Expectations from Budget'. In the very beginning of the programme Principal Dr (Mrs) Suresh Boora underlined the importance of organising this activity and added that the Union Budget which is presented by the finance minister of our country every year in the Parliament and because it affects each and every sector of the economy so it becomes imperative to foresee and make expectations from it. **15 students** discussed what might be the reliefs and supports to various sectors such as Agriculture, Industry, Health, Education, Salaried people etc. They stressed that in view of pandemic, Health sector should get more from Budget, limit of Medical insurance cover should be raised, limit of standard deduction and interest on loan for home buyers to be raised among other issues. Dr Parmila apprised students about the History of taxation in India that how it came into existence and she made the comparison of India's taxation system with other prominent countries. Dr Namita put forth her views on what reliefs might be given under GST amidst the pandemic hit economy. **35 students** and other faculty members- Mrs Anita and Ms Savita remained present. Principal appreciated students for their participation and lauded faculty for organising this relevant activity.

Glimpses of the Activity
