**Value Added Certificate Course**

**in**

**My Vote is My Right**

**(Session 2020-2021)**

**Conducted By**

**Electoral Literacy Club**

## **About the Course:-**

As a Democratic country, India is built on the foundations of Election. Our Parliament and Legislatures are of the People, by the People and for the People. Voting is a constitutional right that we are privileged to have. We take it for granted, but the constitution has given us the right to elect who we want, and the right to make the change. Our Vote can play an important part in making the change. If you are unhappy with the current Government, you can vote for a better one. No voting could result in the same party ruling for another 5 years. At the end of the day, if the Country is stuck with a bad government, it's the people to blame for voting wrong or for not voting at all. Every Vote counts. Though it seems like an endless sea of people are there to vote, every vote counts. When the National attitude changes from thinking "My Vote doesn't make a difference", then the numbers increase and a multitude of people voting will make the difference. The responsibility lies on every individual. The Idea behind the Certificate course is to create and share the awareness about 'Right to Vote' and to encourage the participation of student in election. Through this Certificate course, we will educate the students about their voting Rights, about voter's Registration, Electoral process and related matters through hands on experience.

## **Course Objectives:-**

- A. To help the Students for understand the Value of their Vote.
- B. To Educate the Students about their Voting Rights, Voter's Registration, Electoral process and related matters.
